Vegetarian Philly Cheese

Grilled steak seitan, onions, and mushrooms topped with provolone or soy cheese on a baguette. 8.29

We conscientiously and consistently strive to respect and accommodate vegetarian/vegan practices and palates. The majority of our menu does start vegetarian or vegan and can be altered to accommodate special requests if circumstances permit. For example, all grilled cheeses can be made vegan. Keep in mind that we are a creamery and we love dairy so your salad, sandwich or bagel may have spent some time along side some beautiful bovine bounty before it reached your table. Enjoy!
